Do you know a Planning Consultant?
The P&C are hoping to start a Produce Market at KPS on Saturdays. As well as addressing the absence of fresh produce available in Kensington, this project could take a considerable amount of pressure off the hard-working fundraising teams in the school. Do you have a planning background, to assist us compile a DA application? Please contact Emma Horgan Emma.Horgan@acs.org.au 0450 708 260

Student Representative Council
Last year the SRC supported the physical needs of asylum seekers by bringing in cans of food.

This year the SRC was hoping to run a scarf, gloves and beanie drive. If anyone has these items lying around or wanted to buy for either adults or children. Many of the men, women and children living in of Australia’s detention centres would find these items useful during the cold winter months. We will be accepting these items throughout the term.

In KM we are learning about living and non-living things. We created paintings of a field of tulips using forks as stamps and painting stems with paintbrushes.

The Crunch&Sip program is an easy way to help kids stay healthy and happy!

Crunch&Sip is a set break to eat fruit or salad vegetables and drink water in the classroom. Students re-fuel with fruit or vegetables during the morning or afternoon, assisting physical and mental performance and concentration in the classroom. This gives kids a chance to refuel, a bit like putting petrol in a car.

Each day students bring fruit or salad vegetables to school to eat in the classroom at a set time. Each child has a small clear bottle of water in the classroom to drink throughout the day to prevent dehydration.

Through Crunch&Sip, schools demonstrate their commitment to nutrition education in the classroom, by making links with the curriculum and creating a supportive school environment. The Crunch&Sip break gives children the opportunity to eat the piece of fruit that might otherwise be left in their lunchbox or not be eaten at all.

This week 4 classes had 100% of their students participating. They were KH, 1C, 2RP and 3W.
