Sir Peter Cosgrove (Governor General) and Lady Cosgrove with Kensington Public School representatives Carla and Zoe at Admiralty House on Australia Day, 2016. These students submitted a one minute video expressing their thoughts about diversity in Australia and were successful in being selected to attend a function with an amazing view of the festivities on the harbour during the morning.

Australian Hellenic Educators’ Association has provided an award to Carla as a student of Modern Greek, who has shown diligence, enthusiasm and has been achieving a very good level of communication in class during 2015.

Carla, her family and Mrs Alexandrou attended a ceremony at Parliament House last evening to receive the ‘Phoevos’ award.

Once again the pressure for enrolment at the school is extensive. Unfortunately we have had to disappoint many families. The boundary changes for 2016 have started.

The task of selecting classes is a lengthy and difficult one with as many points of view as students, parents and teachers. The next page details the class formation policy for Kensington Public School.

The school is once again so superbly supported by ancillary and cleaning staff.

**Administration**
Manager - Mrs Sibel McKenna
Officer - Mrs Christine Horton
Officer - Mrs Pam Chow
Officer - Mrs Veronica Venianakis
General Assistant - Mr Bruce Gollan

**Cleaning**
Mrs Effie Mokas and Mrs Betty Kesidis

The work Betty put into the school during the holiday period was outstanding. Two days were allocated by the cleaning contractor to prepare the school for the start of the new school year. Betty spent the best part of 3 weeks cleaning the school, mostly unpaid. We are truly lucky to have such a dedicated person working for the students.

In addition, Bruce spent a significant amount of time in moving garden beds around the school in addition to many other tasks. This was hard work during a very hot summer. Thank you

Class Formation Policy

Rationale
There needs to be a clear and consistent policy in the formation and allocation of classes at Kensington Public School so that students and teachers are treated equitably, according to their needs within the organisational structure of the school.

Class Structures
The school structure and the formation of classes at Kensington Public School is constrained by the Department of Education staffing formula. A school structure that best meets the needs of students and teachers will be designed by staff and ratified by the Principal. The principal has the delegated authority to determine the final make up of classes.

Student Allocation Process
Students will be allocated to classes by the school executive, in consultation with the relevant teachers. The following criteria are considered when classes are formed so that the best interests of **ALL** students are taken into account. These criteria are not in order of importance.

- All classes will be academically balanced.
- Language - students who need to be together to provide language support for each other.
- Friendships - students who need support from another close friend, or students who are best separated so they may concentrate on their studies.
- Learning Difficulties - students who are experiencing difficulties are spread between available classes.
- Special Needs - these may be social, intellectual, emotional or physical.
- Cultural Balance - each class is formed to have a range of nationalities and cultures.
- Gender Balance - a balance of boys and girls.
- Consideration is given to whether a teacher and student have been together before.
- As far as is possible, no child will be placed in a multi-grade class in consecutive years.

Identification of Needs
The identification of needs will be achieved through:

- Professional deliberations of those staff who are familiar with students.
- Academic and welfare data.
- Students educational history (previous classes, school(s), special circumstances)
- Significant information that may be supplied by parents (history, social of emotional factors).

Allocation of Teachers
The allocation of teachers to classes is determined after a consultative process that takes into consideration:

- Teacher preferences.
- Past experience, professional skills and expertise.
- Professional learning goals of staff.
- The creation of effective, balanced stage teams.
- The needs of new teachers to the school.
- The needs of graduates new to the teaching profession.

These considerations are not in priority order.

Kindergarten Classes
Teachers of Kindergarten will undertake a series of observations during Kindergarten Transition days, and the Best Start Assessment program. The information gained – English language proficiency, academic skills, personality, learning needs, social skills etc will be used to form classes that are as even as possible. In some cases, pre-school information, when available, will also be used to ensure the most appropriate class placement.

Composite Classes
Composite or multi-aged classes are formed when numbers of children in the grade are such that two complete classes cannot be formed or meet the needs of the student cohort. Classes will be formed using the same criteria as the comprehensive classes using data from the current year’s assessment. The teachers forming the classes will give consideration to the independent work habits of the children and their ability to work in a multi-aged environment. Consideration is also given to those children who have been in a composite class in the previous year.

Parent Enquiries and Privacy
Whilst any parent is entitled to know how their own child came to be placed in a particular class, the school is required to maintain the privacy of the needs of other students and is not able to outline the particular reasons as to why other students have been placed in particular classes.

Although specific parent requests can be made, due to the complexity of the placement process, these requests are not a priority when placing children in classes. The principal will have the final decision as to the placement of a student.

Timeline
- During Term 4 information will be collected from class teachers regarding the class placement
- Needs and recommendations for the following year.
- Students will resume the school year in the classes from the previous year, until all new enrolments are finalised.
- As soon as is practicable, new classes will be formed.
- Once a child is placed in a class they will not be moved on a request from parents.

The Operation Art program provides a forum for schools and students to demonstrate their visual arts achievements through exhibitions at the Armory Gallery, Sydney Olympic Park and the Art Gallery of New South Wales.

Congratulations to Anni, in Year 4 who submitted her brilliant painting titled, “Little Miss Speckle” Anni’s work was selected as one of 50 chosen to be included in the 2016 Operation Art Touring Exhibition. In the past using the "$ Make a payment” page through a mobile device or tablet has not been as easy as on a computer. Uniform

A huge thank you to the parents and students for taking our uniform policy seriously. Kensington is often noted for its standards. Last year we were having issues with school bags and black shoes or sneakers (various coloured patterns and laces ended up on the shoes). Thank you getting us back to our high standard. It saves many hours of discussion and time when we are all supporting each other with our uniform standards.
Welcome Back KPS Parents

Happy New Year! I can’t believe we are back already! The school holidays have just flown by and now we are well and truly back to reality with the daily lunchbox negotiations and hunting for clean matching socks!

Firstly, I must extend a warm KPS greeting to all our new Kindergarten parents. I hope you will enjoy your time as a parent at the school and find Kensington to be a friendly and inclusive community – that has always been my experience.

I got to meet some new Kindergarten parents at the ‘Kindergarten Tea and Tissues’ yesterday which is always a pleasure. It was lovely to see new friendships, which will probably last through KPS and beyond, being formed over a cuppa, biscuit and a shared tear!

P&C AGM Continued…….

All P&C Committee positions are up for re-election at the AGM.

These positions are:
- President
- Vice Presidents x 2
- Treasurer
- Secretary

If you would like to be an active member of your school community, raise much needed funds for educational resources, be a great role model for your kids and get that warm and fuzzy feeling from volunteering then please consider a position on the committee.

If you don’t feel a committee position is for you then there are still lots of ways you can help out the school including; sausage sizzles, bake sales, selling raffle tickets, creating posters and making decorations for discos. I think the crucial thing is to be involved with the school in whatever capacity you can because as someone wise once said “Many hands make light work”.

By subscribing to the Skool Bag app and reading the school’s weekly newsletter (which has a weekly P&C section) you can keep up to date with what’s happening and learn how to get involved.

If You Would Like To Vote on P&C Decisions

If you would like voting rights then you will need to become a P&C member. Annual memberships are organised at the AGM where you can pay your membership fees (a gold coin). This will give you voting rights on all major P&C decisions - usually to do with how the money is best spent.

You do not have to be a committee member to be a P&C member. Membership is open to all parents who attend the AGM.

The School Canteen

‘Love Food Canteen’ will be attending the P&C meeting on the 23rd February to explain their food philosophy. Love Food Canteen will be submitting a tender to run the school canteen from Term 2.
